Your Device

You may bring your own compatible device, or may purchase an eligible device with this plan, payable in 12 or 24 monthly instalments. If you cancel your device instalment plan early, you must pay any remaining device repayments in full. You may pay out your instalment plan at any time by paying out any remaining instalments.

Data Banking

If you have not consumed all your data by the end of the bill cycle (28th day of the month), the unused data will roll over and be available to

you in the next month. This will occur at the conclusion of each billing cycle. The maximum amount of data that you can bank is 200GB. If a plan is downgraded, then the data bank is forfeited. If a service is suspended, it will retain its data bank, but will not accumulate more data each month that it remains suspended. If a service is disconnected or ported away, any data in the data bank is forfeited, even if the disconnection or port is in error.

Can we Change your Plan?

From time to time, we may make changes to your Plan, including the price and inclusions. If we change your Plan, or move you to a new Plan, we'll give you a minimum of 30 days' notice before we make the change. If we reasonably consider that the change or move has more than a minor detrimental impact on you, you can cancel your plan by either disconnecting the service, or porting the mobile number away from us.

Your First Months Charges.

On your first bill, you will be charged a pro rata amount from the date your service is connected until the 28th of the month of connection, and a full month's charge for the following month.

Cancelling a Service.

When you cancel a service by either disconnecting the service, or porting to another carrier, we won't refund any amounts that you have been invoiced for, and you will need to pay out any devices or accessories in full.

Fair Use Policy

You must comply with our Fair Use Policy and not use your services in an unreasonable or fraudulent manner or in a way that detrimentally interferes with the integrity of the network. We may take action if you breach the Fair Use Policy, including suspending or cancelling your service, or reducing its speed.
